

Blue-BB

The Bluetooth BalBox is the latest addition to our range of professional audio balancing equipment, with a simple and effective Bluetooth Interface designed to work with Phones and Mobile devices.

The Blue-BB provides a non-contact connection for your audio balancing needs. It connects to your Mobile device via an easy-to-use Bluetooth Interface, and then to a professional sound system via XLR ports.

Compact and portable, the Blue-BB is invaluable for those times when a quick and professional-quality cable-free connection is needed to your Mobile.

The Bluetooth Connection

Main Features

- ✓ Stereo / Mono switch
- ✓ Single Mono output from Right XLR port
- ✓ Simple connection to your computer audio system via Bluetooth receiver
- ✓ Professional-quality audio output via XLR ports
